SKILLS

Development, Machine Learning, Augmented Reality, UI/UX Design, Research

LANGUAGES

Swift, Python, React, Java, R, MySQL, Scheme, JavaScript, HTML/CSS

ACTIVITIES

Clubs

Varsity Speech and Debate, Anatomy & Physiology, Engineering

Boy Scouts

Rank of Eagle

VOLUNTEERING

Leukemia and Lymphoma Society

Co-founder and volunteer for the LLS club at my school. Organized fundraisers to support the cause.

Abilities United

Developed a tool that simultaneously posts multiple social media sites.

EDUCATION

● Purdue University

B.S., COMPUTER SCIENCE AND DATA SCIENCE, GPA: 4.0

2018 - 2022

EXPERIENCE

● Saama

AI INTERN

JUN 2018 - AUG 2018

Interned in the innovation lab of a biotech company with the objective of using AI techniques to identify packaging anomalies on a conveyor belt. Only given a small dataset of 200 images, but creatively used image augmentation to expand my dataset to several thousand images by flipping, rotating, and translating images. saama.com

● Gunn Hacks

EVENT ORGANIZER

MAR 2016 & OCT 2017

I contacted various companies to sponsor our event and prizes. Managed to bring judges and over 200 high school students together from all over the bay area to participate. gunnhacks.com

● Verity Medical Foundation

PHYSICIAN SHADOW

JUN 2017 - AUG 2017

Over my 2017 summer break, I shadowed an internal medicine physician and observed she diagnosed and prescribed medicine to patients with various health issues. I realized that there is plenty of room for technical innovation in the health industry. medfoundation.verity.org

● Advanced Authentic Research (AAR)

PALO ALTO UNIFIED SCHOOL DISTRICT

SEP 2015 - MAY 2016

I developed an app that measured 4 different types of brainwaves when connected to an electroencephalogram. I measured emotions ranging from depression to happiness. See paloaltopulse.com/2016/05/18/3-reasons-why-palo-alto-students-are-buzzing-about-aar/.

● Apple World-Wide Developer Conference Scholarship

APPLE

JUN 2015

WWDC Scholarships reward talented students and developers with the opportunity to attend Apple's annual developer conference. I was one of 350 students selected for the scholarship globally. developer.apple.com/wwdc/scholarships/

WEBSITES BUILT/ADMINISTERED

- Digital.Health - <http://digital.health>

HACKATHON PARTICIPATION

- PennApps XVIII - Pending (September 7-9, 2018)
- Hacking Generation Y - Built an app to find volunteering opportunities for students.
- HSHacks II - Built a to-do list app that prioritizes tasks based on location & calendar events.
- HackingEDU (Winner) - Project HackChair, an analytical tool built from an ordinary chair.
- TreeHacks and MakeHacks - Worked on my AAR brainwaves project.
